

What is expected of a Parent?

Be supportive of your Club, team and coach; remember players play for FUN, please support in the same spirit! The Club organises social/fundraising events from time to time, please support this as it costs a lot of money to keep kids on the field.

What is expected of a Player?

We hope that all players play for FUN, so make sure you make the effort to make it fun for all; your attitude will make all the difference. Treat your team, coach and opposition with respect and play & train with the spirit of fair play. Football is a commitment by your Association, Clubs, Coaches, Parents and most of all, you the player. Try and attend all games and training sessions, when possible!
